<p>Week 3</p> <p>1/22 1/23 1/24</p>	<p>ipl2 (answered Rescue question)</p>	<p>http://qrc.ipl.org/view/rescueref.cat/12116121?</p>	<p>I have lost marks in my assignments due to not adhering to the APA format, so i would like to see an "A" grade thesis as a sample so that I can follow the same structure layout and format in future.</p>	<p><u>Follow-up question 1:</u> The APA Sample Paper was really useful, it allowed me to make a start. Now the problem I have is, I am writing a Capstone Project which will have about 200 pages. How do I reference it by sections, do I use Chapters? Eg. Chapter 1, 2, 3 etc Do I have to use a table of contents? How is the numbering done? It would help a lot if I could have a full capstone sample project with similar length of pages, that will help me to know how sections are broken down and numbered.</p> <p><u>Follow-up question 2:</u> Hi, Thank you for the links. The problem is that we are the first batch of IAU students in Sri Lanka so the institute here doesn't have any sample capstone projects. That's why I thought you might have a sample of a full capstone project, if you do, pls share one.</p>
